

2UPC-R154

Roll Printing Pack For UP-DR150

High quality borderless colour pictures.

Colour print roll media for UP-DR150 printer.

Achieve high quality 10 x 15 cm (4 x 6 inch) prints by using 2UPC-R154 self laminating dye sublimation media.

The "SuperCoat 2" lamination protects the images for a very long time (same or even better than traditional photo paper). Not only does this media give you high quality colour reproduction but also allows you to apply different finishes to your prints without having to change the media.

Technical Specifications

Contents	2 rolls of paper,21 ink ribbons, each with 550 processes
